CHRISTMAS DAY

We are reading the Book of Acts together at the pace of three chapters per week, as shown above. To access the devotions for each chapter, go to or download the **YouVersion App**. The link to the reading plan is <https://my.bible.com/reading-plans/864-acts-reading-guide>.

It would be great if Community groups formed a group on the YouVersion App to discuss what you've discovered. The App will ask you if you want to read it by yourself or with friends, then you can add participants to form a group. Comments can be shared under "Talk it over" after reading the chapter and devotion for the day.

Families can also do this and come together at meal times to share what you've learned or discuss it on the App if you're in different locations.

Enjoy your time in the Bible!
